REQUEST FOR CERTIFICATE OF CORRECTION
PURSUANT TO 37 CFR 1.323

Attention: Certificate of Correction Branch
Commissioner for Patents
P.O. Box 1450

Dear Madam:

Upon reviewing the above-identified patent, Patentee noted a typographical error which should be corrected.

In the Claims:

Claim 13 as printed reads: A panel structure of electronic device according to claim "9", wherein: said insertion hole is a hole formed of the inner wall of a cylindrical flange connected to said panel, and holds said light guide with said inner wall of the insertion hole.

However, the cancellation of claims 5 and 14 during a telephone conference between Examiner Alan Carioso and Applicant's authorized representative Hristo Vachovsky on August 14, 2008 changed the numbering of the claims. Therefore, claim 13 should be corrected to read:

A panel structure of electronic device according to claim --7--, wherein: said insertion hole is a hole formed of the inner wall of a cylindrical flange connected to said panel, and holds said light guide with said inner wall of the insertion hole.

For your reference, a copy of the Supplemental Notice of Allowability mailed August 20, 2008 is enclosed. The error now sought to be corrected is an inadvertent typographical error, the correction of which does not involve new matter or require reexamination.

Transmitted herewith is a proposed Certificate of Correction effecting such amendment. Patentee respectfully solicits the granting of the requested Certificate of Correction.

Applicant respectfully notes that the above-identified error was the result of PTO processing, therefore no fee is believed to be due. However, the Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our **Deposit Account No. 03-1952**, under Order No. 393032040900.

Dated: February 10, 2009

Respectfully submitted,

By:
